499 ELEMENTARY SCHOOL STUDENTS RECEIVE RUBELLA VACCINE

This is German Measles Week. All week special clinics in this area are offering rubella immunizations to pre-school and elementary school children to help eliminate a disease which takes its toll on the unborn child.

In conjunction with German Measles Week, S. A. D. 44 held its immunization clinic in the auditorium at Telstar Regional High School. On Tuesday morning elementary school students (through grade 5), through the district boarded buses for Telstar where they got "shot" by the jetage jet gun.

In single doses, German Measles (Rubella) Vaccine is extremely costly, but the vaccine is available in less costly, fifty dose bottles. Once a large-dose bottle of vaccine is mixed, however, it must be used within a short period of time or it becomes ineffective. For these reasons—cost and limited life-span of the vaccine—district students participated in a record-making event: 499 children in buses arrived at Telstar, received their vaccine and were back in their classrooms in less than two hours!

Assisting School Health Personnel at the clinic were the following volunteers from Bethel: Anne Benson, Mary Brown, Nellie Frankiewicz, Mary Hurd, Annabelle Lee, Michelle Roy, Maureen Swain, and Nancy Young. Jane Mills, Bryant Pond; Margie Swan, Locke Mills; and Irene Stone, Norway-South Paris public health nurse, also helped to make the undertaking an unqualified success.

NO SCHOOL OCT. 1-2

There will be no classes in S. A. D. 44 schools next Thursday and Friday, Oct. 1-2, in order that teachers may attend teachers convention.

TELSTAR TEAMS TRAVEL

The Telstar football team will travel to Jay Saturday afternoon for a 1:30 contest. The "Rebels" met defeat at Hall Dale last week by a 12-7 score. The cross-country squad is scheduled to journey to Fryeburg for a 10 a. m. meet.

SOAP BOX DERBY TO BE HELD AT WEST PARIS OCTOBER 10

The West Paris Recreation Committee announced last week, that the 1970 soap box derby will be held on Saturday, Oct. 10, at 2 p. m., weather permitting, on Maine's only specially built track. Rain date is one week later, Oct. 17.

The rules committee made no changes in the rules from last year, and cars which have been raced previously can be used again. They also announced that copies of rules, and applications are available at various stores in West Paris and committee members have them also.

This year there will be three classes of cars as in previous years. The names of classes will be changed to fit those used at the Oxford Plains Speedway. Cars which the classifying committee felt were built entirely or mostly by the boy will be in the "Charger" class. Cars which the committee felt the boy received a lot of help on will be in the "Sportsman" class. Those cars which used official wheels will be in the "Official" class.

On Sunday, Oct. 4, the boys, pit crews, and cars will make their annual trip to Oxford Plains Speedway, where they will make the traditional parade in front of the grandstand to show-off their hopeful prize winning cars.

There will be trial runs held at the derby track on Oct. 1, 2, and 3. These will start at 5:30 p. m. and run until dark. There will be members of the derby committee present to answer any questions concerning construction, classification, etc.

Boys or girls can practice at the track any time they wish during the day light hours.

Along with extra features such as the surprise race will be the traditional "Powder-Puff" derby where the girls can take to the steering wheel and try their skill at keeping the car on the track. No "Official" cars can be in this event.

It is expected that the awards will be trophies, donated by Mr. Bahre, owner of the Oxford Plains Speedway.

BETHEL BOY SCOUT TROOP TO MEET NEXT TUESDAY

The Bethel Boy Scout Troop 545 will meet Tuesday evening, Sept. 29, at 7:30 at the Congregational Church to plan for regular meetings and fall activities.

HEALTH COUNCIL TO MEET NEXT THURSDAY EVENING

The fall meeting of the Bethel Health and Service Council will be held at the Bethel Savings Bank on Thursday, Oct. 1, at 7:30 p. m. All members and friends of the council are welcome to attend.

Students from Bethel enrolled at MITC-Berlin include: Freshmen—Elizabeth Duran, Larry Smith; Seniors—Thomas Gibbs. Commission of Education of the Bethel Methodist Church will meet on Monday, Sept. 28, at 7:30 p. m. at the home of Rachel Mackay.

INTEREST SHOWN IN FORMING BUYING CLUB FOR LOW-INCOME FAMILIES

A meeting was held at the Locke Mills Town Hall on Tuesday by a group of citizens interested in forming a buying club for low income families of S. A. D. 44 and West Paris. This will in no way interfere with the donated food program, which will continue as long as towns vote for it and volunteer help is available.

A buying club is a group of people organized for the purpose of saving money. Some grocery items, oil, tires, auto parts, school supplies, etc. can be bought at discount prices. This club is run by the members and each person is automatically a volunteer. There is a small membership fee for each family.

The two most important points to remember in organizing a buying club are: (1) Involvement—full participation of members in planning, decision making, and actual funding of the club through volunteer efforts is essential; (2) selection of items is limited to foods and other goods which can be bought at a savings. Many items are not available at a discount.

Officers elected were: chairman, Sylvia Evans; co-chairman, Beverly Treadwell; secretary, Darlene Hall; treasurer, Donna Kennison; ordering committee, Joan Damon, Donna Kennison and Beverly Treadwell. Representatives named: from Bethel, Nellie and Nancy Cummings; Andover, Mae Porter; Newry, Gilberte Seeley; West Paris, Eslee; Bryant Pond, J. Rowe and G. Sprague; Greenwood, Bertha Walker. The bylaws will be formed by the chairman and co-chairman.

The next meeting will be held on Oct. 13. Ideas will be discussed for fund raising to help defray such expenses as transportation and organizational costs.

CREDIT UNION DEDUCTIONS O.K. BY HANOVER DOWEL CO.

Wallace Saunders, president of the Hanover Dowel Company, announced last week that the Company will participate in the payroll deduction plan for employees that become members of the B. G. W. Community Federal Credit Union.

Other local businesses which are participating in credit union payroll deductions for their employees are Ekco Housewares Co., Locke Mills, and Stowell Silk Spool Co., Bryant Pond.

Credit Union office hours are every Friday evening at the Locke Mills Town Hall, 7 to 9 p. m.

VOLUNTEERS NEEDED FOR CONTINUANCE OF AMBULANCE SERVICE

Volunteer ambulance drivers and assistants are needed for the local ambulance service. If the citizens of Bethel wish to continue this service, someone has got to help. Eighteen dedicated workers are enrolled at the present time, but most of these people are only available for night time and week end assistance. Volunteers for weekday assignments are urgently needed. Anyone with an up-to-date American Red Cross Advanced First Aid card may qualify. For those who do not qualify, but are interested in maintaining an ambulance service in the Bethel area, a Red Cross First Aid course and Medical Self-Help course will be given during the month of October.

All interested citizens may call John Greenleaf 824-2744 or Clarence Howe 824-2716 for further details.

MENTAL HEALTH ASSOCIATION HOLDING MEMBERSHIP DRIVE

President Harrison Hahn, Oxford County Mental Health Association, has announced that a membership campaign throughout 27 towns will be conducted during the last two weeks in September.

Hahn said: "Our present staff is small and heavily loaded. I believe they are providing an extremely valuable service to this area when you consider the extent of the problem."

Hahn further stated: "Most towns in our area participate at town meeting time, but these dollars make up only about 20% of the total program. As one of our directors has put it, 'If not to help someone else, then to insure we have help ourselves should we need it.'"

The present staff includes: Executive Director Denis Corrin and Social Services Director Ellery Gray, who are both full-time. Charles Eastman, M. D., is the Consulting Psychiatrist. A part-time counselor serves the clinic one evening each week.

The professional staff members have worked with 262 Oxford County residents in the first six months of this year. New appointments are being made daily.

During the school year, the full-time staff works with school administration and guidance personnel in four of the six school administrative districts in the area.

Hahn concluded: "We are concerned that any person should be able to get help within our area when he needs it."

"The membership drive will help us accomplish our goal of more adequate services."

S. A. D. 44 BOARD APPROVES CONSTRUCTION OF MAINTENANCE GARAGE

The board of directors of School Administrative District No. 44, meeting at Telstar Regional High School on Monday evening of this week, approved construction of a bus maintenance garage. The board accepted the bid of Melvin Olson of Bethel to build the 40x50 foot structure at a cost of \$7,800 in accordance with plans and specifications submitted by Wadsworth Associates, Architects, as approved by appropriate state agencies. A motion to table indefinitely the building of a bus garage failed to pass.

The directors accepted the bid of Brooks Bros. Inc., of Bethel, to supply No. 2 fuel oil to the District's schools at a cost of 13.8 cents per gallon. The price will fluctuate with Portland tank wagon price in effect at delivery date.

After discussion on the relative merits of No. 4, No. 5, or No. 6 fuel oil for use at Telstar, the bid of 11.79 cents per gallon for No. 5 fuel oil submitted by Randall & McAllister of Portland was accepted. The bid price is subject to oil market changes. It was the feeling of the board that costs of pre-heating and maintenance would offset any saving that might be realized by accepting a lower per-gallon cost of No. 6 fuel oil (bunker C).

Robert J. Gerardi, superintendent, informed the board that Frank Hunt, supervisor of buildings, grounds and transportation, had advised him that the overflow parking area and baseball backstop at Telstar were completed; grading around the high school building was completed; three parking lot light standards were 85% complete; upper athletic field at Telstar had been leveled; and that the stage lighting and music room shelving projects at Telstar were in the process of completion. The water has been tested at all schools and reports from the State show that it is satisfactory.

Mr. Gerardi informed the board that he had requested an inspection of the Woodstock elementary building by the State Division of Insurance. This inspection should clarify the usability of the upstairs portion of the structure or inform the board of what improvement must be made to enable its use.

The board approved the offering of driver education during the fall semester of this school year. A survey revealed that 95 students at Telstar were interested in such a course during the school year, after regular school hours. Expenditure of \$300 was authorized for this course. Approximately 25 to 30 students are expected to participate during the continued on Page Five

Christian Science
The reality of God's spiritual creation makes the universality of material bodies about the universe and man, according to the Lesson Sermon on "Reality" to be read in all Christian Science churches on Sunday, Sept. 27.

Use of the Lesson Sermon passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. Discoveries and Founder of Christian Science reads: "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God strips off their disguise. They are not true, because they are not of God."

The Golden Text is from Isaiah, "The earth shall be full of the knowledge of the Lord, as the waters cover the sea."

All are welcome to attend services starting at 11 a. m. at First Church of Christ Scientist, Main and Tenth Sts., Bethel, N. H.

The Christian Science Radio Series "The Bible Speaks to You," is broadcast each Sunday over Station WMOU, Bethel, N. H., at 8:15 a. m. The theme for Sept. 27 will be "How Can You Help Your School Child?"

A Christian Science Reading Room is now open in the business district in Bethel, N. H., at 134 Main St., from one to four every Tuesday, Thursday and Friday. The public is warmly invited to attend.

GERARDI ADDRESSES TELSTAR STUDENTS AT FRIDAY ASSEMBLY
Addressing an assembly at Telstar Regional High School last Friday morning, Robert J. Gerardi, superintendent of schools, S. A. D. 46, said he considered speaking to students one of his most pleasant tasks.

Alluding to the expression, "Don't trust anyone over 30," Mr. Gerardi pointed out to the Telstar students that it would be surprising how fast the time will pass until they are over 30 also.

The superintendent speaks of the concerns of students today: of their impatience and difficulty of accepting compromise. He recognized their anxiety over the future, their recognition of today's problems and their desire of immediate solution.

Mr. Gerardi cited the great technological advances of the world since the 1950's following the great depression, and recognized the less than perfect shape, politically, and economically, the world is in today.

He cited the upsurge of crime, the increased drug use and changing sexual attitudes of young people. With the realization that the "over 30" group has not measurably improved the world, Mr. Gerardi said that "we are looking to our youth to join us and help us solve these serious social and economic problems."

Educators must provide a program, Mr. Gerardi went on, that will help today's students solve the 21st century's problems. He pointed out that today's seventh graders will be 43 years old in the year 2000.

Mr. Gerardi stated that the 21st century will undoubtedly see people enjoying a longer life span because of improved medical technology. Greater research in medicine will also possibly result in a more widespread use of transplants of vital body parts. He went on to say that forecasts predict domed cities, free of pollution and protected from atomic fallout; low cost European vacations because of 900-passenger planes; as well as other advances reminiscent of Buck Rogers and Jules Verne.

The successful person in the 21st century, according to Mr. Gerardi, will be the person who has learned how to learn, and who knows where to find answers without the commission of dubious facts to memory. This person will have an appetite for change, believe in it, thinks it can be done, and proceeds to do it. This Great Citizen of the post-2000 era will have an awareness of the environment, with empathy and compassion for others, and will want to serve.

Mr. Gerardi said that he believed that the way to prepare for the future was to listen to young people about what they have to say about relevance of education today.

In conclusion Mr. Gerardi stated: "In summary, I think there are some things that we can do to the school program relevant to your needs. 1) We can treat you as adults and expect you to accept the responsibilities

HISTORICAL SOCIETY

The Bethel Historical Society meets on Thursday, Oct. 1, at 7:30 p. m. at the Casco Bank Community Room.

WORKING TOGETHER

Jesus said of the kingdom of God, "It is like a grain of mustard seed which when sown upon the ground, is the smallest of all the seeds on earth; yet . . . it grows up and becomes the greatest of all shrubs, and puts forth large branches, so that the birds of the air can make nests in its shade. (Mark 4:31, 32) Just as the birds of the air rest in the shade of the mustard tree, there is room for all in the kingdom of God. We must not let petty differences divide us! John Wesley said, "If your heart is right before God as my heart is, give me your hand!" Let us join hands in getting God's work done. Let us help the abused, the lonely, the poor, the heavily burdened, the war burdened, and let us point the empty soul to Jesus the "living bread" that fills the soul with joy. The time to be a spectator criticizing the church is past. The time to put on a football suit and shoulder pads and to get into the game of life to help God's team win has come. You can begin by attending church.

SHOOTS BEAR — Edward Bennett, son of Mr. and Mrs. Richard Bennett of Newry, a senior at Telstar Regional High School, shot a 265 pound bear, at Puzzle Mountain in Newry, late Saturday afternoon. He used a Model 742, 30-06 rifle.

IN AND ABOUT BETHEL

Miss Cheryl Douglass, daughter of Mr. and Mrs. Dana Douglass, Jr., has been commissioned a first lieutenant in the U. S. Air Force and is stationed at Shepard AFB in Texas.

A family cookout was held at the home of Mr. and Mrs. Thomas Kennan on Sunday, Sept. 13. Those attending were: Mr. and Mrs. Raymond Millett, Nancy, Raymond and Mark, William Millett, Mr. and Mrs. Alfred Lombard, Marcia, Calvin, Kurt, Wanda and Debra, all from Norway; Mr. and Mrs. Sherman Slickney, David, Ronald, Wayne and Linda, from Concord, N. H.; Mr. and Mrs. Charles Millett, Roger and Cynthia, Donald Millett, Mechanic Falls; Mrs. Alice Millett of South Paris; Sgt. and Mrs. Ralph Millett and Linda Joy, formerly of South Paris, who will be leaving soon for Okinawa; Mr. and Mrs. Robert Millett and Peter of New Gloucester; and Mr. and Mrs. Thomas Kennan, Janis, Danny and Scott. Other members of the family unable to attend were: Mr. and Mrs. Leonard Witter and Catherine of Phoenix, Ariz.; Mrs. Laurence Millett and Corey of Orlinfield, and Mr. and Mrs. George Larson and family of Norway.

Commander Cross's list of Committee Chairmen was not complete at this time.

Grace Smith served refreshments following the meeting.

I have a great deal of respect for your ability, potential, and particularly, your awareness. I think your questioning of our adult values is good, because, if we are sensitive, perceptive adults we will re-evaluate our values and either change, modify, or reinforce our convictions. I also confess that we adults are really concerned over some of your values, especially with regard to sex and drugs."

The successful person in the 21st century, according to Mr. Gerardi, will be the person who has learned how to learn, and who knows where to find answers without the commission of dubious facts to memory. This person will have an appetite for change, believe in it, thinks it can be done, and proceeds to do it. This Great Citizen of the post-2000 era will have an awareness of the environment, with empathy and compassion for others, and will want to serve.

Mr. Gerardi said that he believed that the way to prepare for the future was to listen to young people about what they have to say about relevance of education today.

In conclusion Mr. Gerardi stated: "In summary, I think there are some things that we can do to the school program relevant to your needs. 1) We can treat you as adults and expect you to accept the responsibilities

SHOOTS BEAR — Edward Bennett, son of Mr. and Mrs. Richard Bennett of Newry, a senior at Telstar Regional High School, shot a 265 pound bear, at Puzzle Mountain in Newry, late Saturday afternoon. He used a Model 742, 30-06 rifle.

that go with the privilege; 2) We can give you an opportunity to express your likes and dislikes with regard to the curriculum; 3) We can teach you what you need to know for now and tomorrow; and 4) We can teach you how to learn. I have a great deal of respect for your ability, potential, and particularly, your awareness. I think your questioning of our adult values is good, because, if we are sensitive, perceptive adults we will re-evaluate our values and either change, modify, or reinforce our convictions. I also confess that we adults are really concerned over some of your values, especially with regard to sex and drugs."

GERARDI ADDRESSES TELSTAR STUDENTS AT FRIDAY ASSEMBLY
Addressing an assembly at Telstar Regional High School last Friday morning, Robert J. Gerardi, superintendent of schools, S. A. D. 46, said he considered speaking to students one of his most pleasant tasks.

Alluding to the expression, "Don't trust anyone over 30," Mr. Gerardi pointed out to the Telstar students that it would be surprising how fast the time will pass until they are over 30 also.

The superintendent speaks of the concerns of students today: of their impatience and difficulty of accepting compromise.

O. C. R. T. A. TO MEET AT WEST PARIS SEPT. 26

Stanley I. Perham, the "Gem Man at Trap Corner", will speak on "Maine Minerals and Gems" at the fall meeting of the Oxford County Retired Teachers Association, Saturday, Sept. 26, at the Universalist Church in West Paris.

A native of West Paris, Mr. Perham attended school there and studied at Bates College. A childhood interest in natural history and gem collecting led to his establishment of a mineral store and museum which he has operated for 51 years. An article about him in the Readers Digest in 1967 helped to bring him to the attention of "rock hounds" throughout America.

Mr. Perham has been instrumental in opening several mines in Oxford County and in locating deposits of semi-precious stones and valuable minerals.

He is a member of the Boston Mineral Club; Oxford County Gem and Mineral Society; Mineralogical Society of America; American Association for the advancement of Science; Maine Association of Engineers; Maine Mineralogical Society; and a director of the Oxford County Soil Conservation District.

Mrs. Miriam Boyker of Portland has been visiting a week with Mr. Phillip Fauld.

Lester Butters has moved from the CMG Hospital, Lewiston, to the Stephens Memorial Hospital in Norway.

Mr. and Mrs. Ralph Anderson of Wakefield, R. I. were week end visitors of Mr. and Mrs. Vernon Brown.

TELSTAR R. H. S. NEWS

ACTIVITIES -- Class officers were elected at class meetings following last Friday's assembly program.

On Thursday and Friday of this week the Loring Studios photographer will be at Telstar to take senior pictures for the 1971 yearbook, the "Zodiac." This will enable seniors to get their pictures in ample time to use them at Christmas if they wish.

In an organizational meeting last week the Library Club chose the following officers: President, Linda Gilbert; Vice-President, Merry Robertson; Secretary-Treasurer, Lottie Butters.

STUDENT COUNCIL NEWS

Activity Period Tried

A serious problem at Telstar last year was the lack of student participation in many of the after-school activities. One major reason was apparently that students had other after school commitments or did not choose to wait for activity bus to take them home since it usually did not leave until long after most club meetings had adjourned.

This idea of an activity period during the school day is being tested. Twice a week, clubs and organizations are given time to hold their meetings. Rallies and senior high assemblies may also be held during this time period.

During last Friday's activity period,

od, class officer elections were held and Mr. Gerardi gave his first address to the student body.

Mr. Gerardi touched upon many subjects including changing values, problems of today's youth, and the student's place in the operation of his school.

GUIDANCE DEPARTMENT

Three college representatives will visit Telstar next week.

On Monday, Sept. 28, L. Lincoln Brown from Thomas College, Waterville, Maine, will be in the guidance office at 8:30 to discuss the business and liberal arts programs offered at Thomas and to interview any interested students.

At 10:00 on Monday, Edward Hackett from the University of Maine, Orono, will meet with students and the guidance department to discuss the programs at the Orono, Augusta, and Bangor campuses and to answer questions about admissions policies.

On Wednesday, Sept. 30, at 11:00 Carl Rollins from Bliss College will visit the guidance office.

GREENWOOD CITY

Mrs. Collette Morgan, Corres.

Fall's yield is everywhere. I noticed it as I traveled a shady lane recently.

The apples were hanging heavy on the branches, mellowed by the sun's glow and waiting for the pickers.

Squashes, pumpkins, and tapered carrots are a part of Nature's convention having a last fling while the dahlias and marigolds look on.

Our season of growth has passed. What a time it is! Soon now the roadsides will be in drifts of glorious color. But today all maples along this narrow dirt road were green and holding hands above. It was a good time to observe Nature's housekeeping; sometimes untidy and sometimes neat. Here she had not swept her floor of recent fallen branches.

Across the road with all speed, pouches stuffed ran Tiny Chipmunk. He headed for a jumble of rocks weathered and gray.

"Along the country roads we find these old gray walls. Upon their lichened stones the season's sunlight falls. These old New England walls remind us of the fall.

And patience that it took, To farm this rocky soil.

Edith S. Butler

I liked the old gray barn in the distance big, true and solid against the hills.

Every season of the year, these hills tell you something which is hard to put into words. You just feel it and he who likes them knows what I mean.

The changing times can still be sensed in contrast to the present day. If you follow one of these back roads into the lonely wooded hills you are apt to find at journey's end only a cellar hole in a clearing.

Upon the damp cool rocks that made the floor, The harvest's bounty carefully was stored.

Potato bins and apple barrels were there, Crisp carrots in the sand beneath the stair." Marion Olson

Truly these showers of memories of yesterday and dreams of the tomorrow are to those who have once tasted the country side something to remember always.

Recently, Miss Jane DiArenzo, Clifton Heights, Penna., entertained several friends at the DiArenzo cottage. They were Miss Mary Quinn, and Miss Maria Dudala, both of Philadelphia, and Miss Nancy Chandlee, Upper Darby, Penna.
